

## **Publications/Bulletin Report for CABF – 2021 AGM**

**Don Flowers, Jr.**

The past year has been one of transition for the Bulletin. Last fall Scott Kindred-Barnes assumed the role of editor. In the following year we have now produced 4 issues of the Bulletin which have been shared in hard copies as well as electronically. If you would like to review the issues please go to our website <https://www.c-abf.ca/publications> where you can read issues dating back to 1991! Under his editorship Scott has introduced several new features to the publication while continuing to help us tell our story.

In addition, CABF has moved to invite others to join with us through a concerted effort of telling our story. As you will read in other places, this is a cross-committee effort. We have contracted with Sobaz Benjamin to research and produce a video that will add a visual feature to our publications. We look forward to sharing this with the world.

We are always looking for ideas and writers. If you would like to volunteer to offer a column, please contact [ministerwolfvillebaptist@gmail.com](mailto:ministerwolfvillebaptist@gmail.com)
